VII. PENALTIES FOR VIOLATIONS OF THE CODE OF CONDUCT

Procedures and Referrals

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent as to be the most effective in changing student behavior. A progressive approach will also be taken when considering consequences: a student's second offense for the same infraction will typically result in steeper consequences than the first offense, and so on. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

Range of Potential Responses

1. Scope

The penalties described in this section are the range of penalties that may be imposed upon any student who is determined to have committed any act of misconduct specified in Section VI of this Code. (Violations of the Code)

2. Actions Preceding Penalties

District authorities may use a range of possible responses to misconduct committed by a student. In most circumstances, a primary response will be to discuss the student's conduct with the parents in an attempt to correct such inappropriate behaviors. In addition, the District may attempt any or all of the following corrective actions:

- A. Warning- Either a verbal or written warning may be given in the appropriate case.

- B. Parent Conference- The student's parent or guardian will be contacted for a conference. The conference will include the student, his/her parent or guardian, school personnel and others whose participation is deemed appropriate by the District.
- C. Pupil Services Referral- Students may be referred for support services in appropriate cases.
- D. Behavioral Plan- The student, parents or guardians, and District authorities may agree that the student needs to develop a behavior management plan to address certain inappropriate behaviors.
- E. Court Intervention- Court assistance in the form of a PINS (Person in Need of Supervision) petition.
- F. ISS/Alternate Classroom
- G. Conference with Administration

Or other actions determined to be appropriate by the District-

3. Range of Penalties

Students who violate this student discipline code will be subject to appropriate disciplinary action including, but not limited to, one or more of the following:

- A. In-school suspension/Alternate Classroom or Time-Out Area
- B. Detention: Detention may be assigned in appropriate cases.
- C. Suspension from School: The principal may suspend a student from attendance at school for a period not to exceed five (5) school days. The parent or guardian will be notified of such suspension by telephone and/or letter.
- D. Suspension from Other Activities: Students may also be suspended from transportation, athletic participation, social or extracurricular activities or other privileges upon compliance with fundamental due process procedures.
- E. Superintendent's Hearing: A disciplinary hearing may be scheduled before the Superintendent of Schools, or his designee, pursuant to the applicable provisions of the Education Law. At the conclusion of such hearing, the Superintendent may take whatever action is deemed appropriate, including but not limited to, indefinite suspension from school.
- F. Personal Liability: The District may pursue, on behalf of itself or an employee, all available rights and remedies to recover from the student and/or parent of the student for damages to personal property.
- G. Police Notification: In cases involving criminal conduct, District authorities may refer the matter to appropriate law enforcement authorities.

4. Academic Sanctions

In addition to other penalties provided herein, the principal and/or the Superintendent may deny credit for work done and teachers may also deny the right to make-up an assignment or test for Cheating, Leaving a final examination without permission, plagiarism and other misconduct that is related to academic performance.

5. Detention Alternative

In lieu of out-of-school suspension for some infractions, the district reserves the right to provide alternate suspension after school hours on the weekdays.

6. Progressive Discipline

Depending upon the nature of the violation, it is the Board's desire that student discipline be progressive (that is, a student's first violation should merit a lighter penalty than subsequent violations). The individual determining the penalty should take into account all other relevant factors in arriving at an appropriate penalty. Depending upon the nature of the violation, the possible penalties listed in the section below may be imposed either alone or in combination.

B. Penalties for Specific Violations

The following range of penalties may be imposed by District authorities upon a finding that a student has committed the specific conduct specified herein:

VIII. TEACHER REMOVAL OF DISRUPTIVE STUDENTS

A. Purpose

A Disruptive Student or disorderly student impairs a teacher's ability to teach and interferes with the ability of other students in the classroom to learn. The Board expects that, in most instances, the classroom teacher will be able to control disruptive or disorderly student behavior by using good management techniques. Occasionally, however, it may be necessary for a teacher to remove a disruptive or disorderly student from the classroom to ensure that the other students may continue to learn. For purpose of this Section X, "removal" shall have the meaning set forth in Section IV.A.14 of this Code.

B. Right to Remove Disruptive or Disorderly Student

A classroom teacher may remove a student from class for up to two (2) days if the teacher determines that the student is a "disruptive or disorderly student." The removal from class applies to the class of the removing teacher only.

C. Teacher's Conference with the Student

1. Immediate Conference with the Student: If the student does not pose a danger or ongoing threat of disruption to the academic process, the teacher must explain to the student, before the student is removed, why he or she is being removed from the class. The student must also be given the opportunity to present his or her version of the relevant events. Only after this informal discussion may a teacher remove a student from class.
2. Exception to the Rule: If the student poses a continuing danger to person or property or an ongoing threat of disruption to the academic process, the teacher may order the student to be removed immediately. In this event, the teacher must explain to the student why he or she was removed from the classroom, and give the student a chance to present his or her version of the relevant events within 24 hours of the time of removal.

D. The Principal's Role

- 1) Teacher's Meeting with the Principal or the Principal's Designee: The teacher must inform the principal of the reason(s) for the removal in writing if possible.
- 2) Notice to the Parent: Within twenty-four (24) hours after the student's removal, the principal or another district administrator designated by *the principal must notify the student's parent, in writing, that the student has been removed from class.* The notice must explain the reason(s) for the removal and also inform the parent that he or she has the right, upon request, to meet informally with the principal or the principal's designee to discuss the reasons for the removal and behavior modification(s) to remedy the cause for the removal. A written notice can be delivered personally to the parent or sent by express mail addressed to the last known address for the parent, or by some other means that is reasonably calculated to assure receipt of the

notice within twenty-four (24) hours of the student's removal. Notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents.

- 3) Conference with Parents: If the student denies the charges in the informal meeting, the principal or the principal's designee must explain why the student was removed and give the student and the student's parents a chance to present the student's version of the relevant events. The informal meeting must be held within 48 hours of the student's removal. The timing of the informal meeting may be extended by mutual agreement of the parent, teacher and principal.
- 4) Principal's Review of the Removal: The principal or the principal's designee may overturn the removal of the student from class if the principal finds that (a) the charges against the student are not supported by substantial evidence, or (b) the student's removal is otherwise in violation of law, or (c) the conduct warrants suspension from school pursuant to Education Law §3214, and a suspension will be imposed.

IX. DISCIPLINE PROCEDURES

A. For Non-Disabled Students

The amount of due process a student is to be afforded before a penalty may be imposed depends on the severity of the penalty. In all cases, the District employee authorized to impose the penalty must inform the student of the misconduct that he or she is alleged to have committed, and must investigate the facts surrounding the alleged misconduct. All students must be given an opportunity to present their version of the facts to the school personnel imposing the penalty. Additional process shall be afforded as follows:

1. Reporting: All staff members must immediately report and refer a violent student to the principal or the Superintendent for a violation of this Code. All recommendations and referrals shall be made in writing, unless the conditions underlying the recommendation or referral warrant immediate attention. In such cases, a written report is to be prepared as soon as possible by the staff member making the referral.
2. For Detentions: Teachers, principals and the Superintendent may use after school detention as a penalty for student misconduct in situations where removal from the classroom or suspension would be inappropriate. Detention will be imposed as a penalty only after the student's parent has been notified and the student has appropriate transportation home following detention. Lunch/recess detention can be given at the discretion of the administration with parental follow-up as needed.
3. For Suspensions from Athletics or Extra-curricular Activities: A student subjected to a suspension from athletic participation, extra-curricular activities or other privileges is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the District official imposing the suspension to discuss the conduct and the penalty involved.

4. 4. For In-School Suspensions: District authorities must balance the need of individual students to attend school and the need to maintain order in the classroom to establish an environment for all students that is conducive to learning. As such, the Board authorizes building principals and the Superintendent to place students who would otherwise be suspended from school as the result of a Code violation in "in-school suspension." A student subjected to an in-school suspension is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the District official imposing the in-school suspension to discuss the conduct and the penalty.
5. For Suspensions from School: Suspension from school is a severe penalty. Students who face possible suspension from instruction shall be afforded the procedural protections guaranteed by Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the District official imposing the in-school suspension to discuss the conduct and the penalty.

Short-term Suspensions

When the principal proposes to suspend a student charged with misconduct for five days or less pursuant to Education Law §3214 (3), he or she must immediately notify the student orally and, if the student denies the misconduct, explain the reasons for the proposed suspension. The principal must also notify the student's parent in writing, that the student may be suspended from school. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the decision to propose suspension and shall be delivered to the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting the parents.

The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parents of the right to request an immediate informal conference with the principal. Both the notice and informal conference shall be in the dominant language or mode of communication used by the parents. At the conference, the parents shall be permitted to ask questions of complaining witnesses under such procedures as the principal may establish.

The notice and opportunity for an informal conference shall take place before the student is suspended unless the student's presence in school poses a continuing danger to persons or property or an ongoing threat to disruption to the academic process. If the student's presence does pose such a danger or threat or disruption, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable.

After the conference, the principal shall promptly advise the parents in writing, of his or her decision. The principal shall advise the parents that if they are not satisfied with the decision and wish to pursue the matter, they must file a written appeal to the Board of Education with the District Clerk within ten (10) business days of the date of the decision, unless they can show

extraordinary circumstances precluding them from doing so. Only final decisions of the Board may be appealed to the Commissioner of Education within thirty (30) days of the decision.

Long-term Suspensions

When the Superintendent or building principal determines that a suspension for more than five days may be warranted, he or she shall give reasonable notice to the student and the student's parents of their right to a fair hearing. At the hearing, the student shall have all the rights guaranteed by Education Law §3214.

6. For Permanent Suspensions

Permanent suspension is reviewed for extraordinary circumstances such as where a student's conduct poses life-threatening danger to the safety and well-being of other students, school personnel or any other person lawfully on District Property or attending a District Function.

7. Review by Superintendent

The Superintendent may reduce the minimum penalties established above on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent will determine if a lesser suspension period or some other form of discipline may be more effective considering the following:

- a) the student's age
- b) the student's grade in school
- c) the student's prior disciplinary record
- d) input from parents, teachers and/or others
- e) other extenuating circumstances

B. For Students with Disabilities

The District will uphold all regulations in regards to the discipline of Students with Disabilities (Reference IDEA and NY State regulation.)

X. APPEALS FROM IMPOSITION OF DISCIPLINE

A. Appeals to the Board

Appeals from all decisions of the Superintendent relative to this Code shall be taken to the Board. All appeals shall be made in writing and shall set forth the decision appealed from and the grounds for the appeal. The written appeal shall be filed with the District Clerk no later than ten (10) business days from the date of the decision which is the subject of said appeal, unless the party appealing can show that extraordinary circumstances prevented the timely filing of the appeal. The Board may adopt in whole or in part the decision of the Superintendent

and will make its decision in writing. The Board's decision shall be based solely upon the record before it.

B. Appeals to the Commissioner

Final decisions of the Board may be appealed to the Commissioner of Education within 30 days of the decision.

XI. MISCONDUCT

Misconduct at a District Function

The Superintendent shall be responsible for enforcing the conduct required by the Code at District functions, on or off District property, and may designate other District employees or agents to take action consistent with this Code.

When an individual, either a student or an adult, is committing prohibited conduct that, in the judgment of the Superintendent or his or her designee, does not pose any immediate threat of injury to persons or property, the individual shall be informed that the conduct is prohibited and asked to stop such conduct. The school official shall also warn the individual of the consequences for failing to stop. If the person refuses to stop engaging in the prohibited conduct, or if the person's conduct poses an immediate threat of injury to persons or property, the individual shall be immediately removed from the District Property or the District Function. Anyone who violates this Code while at a District Function shall be subject to immediate ejection from the District Function. If necessary, local law enforcement authorities will be contacted to assist in removing the person. The District may initiate disciplinary action against any student, as appropriate. The District may also pursue civil and/or criminal sanctions against any person violating this Code.

Misconduct Committed Off District Property

Students, staff, and visitors may be disciplined for misconduct that is not committed on District Property or at a District Function if such misconduct threatens the health, safety or welfare of a student, teacher or other member or the School district staff.

Misconduct Not Specifically Defined

The definitions of misconduct set forth in this section are not meant to be all-inclusive. Thus, any conduct not defined in this Code that violates any federal or New York State statute, or any rule, regulation or established practice of the District, shall be punishable by penalty to be imposed in the discretion of the appropriate District personnel.

School Building Authority

The principal of each District school building is hereby delegated the authority to establish standards of conduct and rules for local matters, school building activities and the granting or

withholding of student privileges. These standards and rules may include procedures for homeroom; student assemblies; emergency drills; study halls; use of the cafeteria; conduct in the building hallways; use of student lockers; student ID's and student passes; school parking privileges; book bags and backpacks in the building; bicycles, skateboards, roller blades and similar means of transportation; the use of electronic devices and laser pointers; and other local matters related to discipline and order in the building. These rules are subject to the approval of the Superintendent, and the Board where appropriate.

District Employee

Any person who, while on District Property or at a District Function, on or off District property, wrongfully refuses a valid request or command to desist in any conduct prohibited by this Code shall be subject to administrative process and contractual requirements found in violation of this Code of Conduct shall be subject to criminal and/or civil penalties as provided by law.

Visitor Misconduct

Any unauthorized person on District Property will be reported to the school principal or Superintendent of Schools. Unauthorized persons will be asked to leave, and the police may be called if the situation warrants.

The authorization of visitors who violate this Code, if any, to remain on District Property or at the District Function shall be withdrawn and they shall be directed to leave the premises. If they refuse to leave, they shall be subject to ejection and to criminal and/or civil penalties as provided by the law.

XII. THE DISTRICT'S DRESS CODE

All students are expected to dress appropriately for school functions. Students and their parents have the primary responsibility for acceptable student dress and appearance. Teachers and all other district personnel should set the example for acceptable student dress and should assist with and help students develop and understanding of what is appropriate appearance in the school and in society. When these efforts fail, teachers and administration will enforce school Dress Code Policy.

1. Shirts or dresses with plunging necklines, tube tops/strapless tops, halter tops, midriff or fishnet shirts, sheer or see through tops and muscle shirts are not allowed. Clothing at extra-curricular activities such as school dances or concerts will be reviewed and allowed at the discretion of the school administrator.
2. Shorts, skirts or dresses must be at an appropriate length to cover under garments as well as allow for participation in appropriate activities while maintaining modesty. Articles of clothing that expose skin at the waist line are not allowed. Any clothing which is excessively revealing, including torn or ripped clothing, will not be allowed.

3. Undergarments, including boxer shorts and thongs, must be completely covered with clothing.
4. Shirts or other articles of clothing, including bandanas, armbands and/or jewelry which may promote/advertise weapons, gangs, violence, alcohol, tobacco products or drugs, or which are sexually suggestive, abusive or offensive, are not allowed.
5. Shirts or other articles of clothing which put down a person/people on the basis of gender, race, sexual orientation, religious belief or disability are not allowed.
6. Footwear must be worn at all times. Footwear must be safe.
7. Hats, caps, bandanas, hoods, masks, sunglasses or other face/head coverings shall not be worn in the building except for medical or religious purposes or for school sponsored special events.
8. Pajamas cannot be worn in school except for school sponsored special events.
9. Wallet chains, belt chains and clothing chains are not allowed. Any item that could be used as a weapon is not appropriate for school.
10. Clothing, jewelry or body piercings that present a safety hazard are not allowed.
11. Outdoor clothing such as trench coats, over coats, ski jackets, etc. are also not allowed.
12. The District shall not prohibit students from wearing clothing, including shirts and armbands, that communicate views on issues of public concern symbolically or through text, unless the clothing is lewd, vulgar, indecent, profane or contains sexual innuendo, or promotes weapons, alcohol, tobacco products or drugs, or unless the clothing violates school rules specifically pertaining to modesty in physical appearance or prohibiting head coverings worn on the head during school hours.
13. School officials reserve the right to regulate student conduct consistent with existing and subsequently developed law governing this jurisdiction as to the extent of students' First Amendment rights.

Students who violate the District's dress code shall be required to modify their apparel by replacing, covering and/or removing the offending item. Any student who refuses to do so shall be subject to disciplinary action. Students will be given a warning the first time they violate the dress code policy and will be assigned consequences for each occurrence thereafter. The ultimate determination of what is considered appropriate dress lies with the building administration or appointed designee.

XIII: LOCKERS

All student lockers are the property of the South Jefferson Central School District. The school district loans a hall and gym locker to all students. Each locker has a combination lock. Students are to use lockers loaned to them and are not to exchange lockers or locker combinations with other students. Do not leave money or valuable property in your lockers. If necessary, the main office will keep such things until needed or you are ready to go home. Lockers should remain locked at all times. **The school will not be responsible for articles that are reported lost or stolen from lockers.** School officials reserve the right to search lockers or any of the contents therein if there is reasonable suspicion resulting in evidence that the student violated the Code of Conduct.

XIV. SCHOOL BUS – BEHAVIORAL EXPECTATIONS AND DISCIPLINARY PROCEDURES

Pupils riding on buses are reminded that conduct expected in school is also expected while riding on South Jefferson Central School District buses. Please, remember that your driver has a big responsibility for your safe transportation. Conduct yourself in such a way that your driver may give his/her full attention to the road and your safe delivery.

1. Be on time meeting the bus. Remember the bus travels on a time schedule.
 2. Students should stand and wait at least twenty (20) feet away from the roadway while waiting for a bus.
 3. Always keep your hands and any part of your body inside the bus.
 4. Never throw any object within the bus or out a window.
 5. Always remain seated until the bus stops.
 6. Look carefully in both directions before you cross the road at a distance of, at least, fifteen (15) feet from the front of the bus.
 7. No student is to travel on a bus other than his/her own without written permission from his/her parents/guardian in elementary, middle school, and when appropriate, high school. The note from the parent/guardian is taken to the building office where it is verified with the bus garage, initialed, and returned to the student who gives it to the bus driver.
 8. Students are required to board their primary bus at their primary building. Students should not be transferring to another bus at either elementary building unless their primary bus is not at Clarke.
 9. There will be no smoking or use of any other tobacco product on school buses at any time.
 10. There is to be no eating or drinking on a school bus while it is in motion, unless allowed by the bus driver.
 11. Students may not shout, talk loudly, swear or otherwise be disruptive on the bus as such behavior is distracting to the bus driver.
 12. Parents of Pre K – 5th grade students should notify their child's main office of any changes in transportation arrangements that occur.
 13. If a pupil misses a bus, he/she should not walk home without permission but report to the office so other arrangements can be made.
 14. Cooperate with your driver at all times and follow all directions given by your driver.
- Students who fail to obey the rules outlined above will be subject to school discipline. The bus driver is responsible for handling discipline on the school bus. Students who fail to change their behavior after a driver's warning will be sent to the main office for further disciplinary action. A student who continually violates the disciplinary code may lose his/her bus riding privileges.

Bus Referral/Disciplinary Process:

Step 1: The bus driver informs an administrator of the offense by submitting a referral. The administrator will investigate the incident and determine appropriate disciplinary action. *A copy of the report is sent to the parents.*

Step 2: In the event of a second offense, progressive discipline will apply. Consequences may include a short-term suspension of bus privileges depending on the offense.

Step 3: For the third offense, upon receiving a referral from the bus driver, the administrator may suspend the student's bus privileges until a conference has been arranged with the student, the parents, the bus driver, and the administrator. Following the conference, the administrator will make a decision regarding the student's bus privileges.

In cases of extreme offenses, the student's bus privileges may be immediately suspended pending a conference with the parent, student, bus driver and administrator. Refusal to do as the driver requests, or any other serious behavioral incident, will result in an immediate long-term suspension of bus privileges. The Superintendent of Schools will be informed of all extreme offenses on the school bus.

Parent concerns regarding transportation:

Any concerns regarding school bus transportation should be brought to the attention of the building principal in a timely manner so they can be addressed appropriately. Discussing concerns with a bus driver at a bus stop is not an acceptable or effective way to address concerns.
